

GEORGE, WE FORGIVE YOU

G Em
In the middle of January, nineteen ninety-two
Em G
You were in New Hampshire doing the things you do
C
Talkin' to the people about good times ahead
D
But you got some words twisted, And we heard what you said:

C G D G
Well, say what you will Mr. President
Am D
But those words weren't a compliment
C G D Bm
Ooooh wheee, tell you what we'll do....
C D G
George, We Forgive You

Stand up to the bad times is what you would explain
Good times are a comin', that's the theme of your campaign
"If you want to see those rainbows, you gotta stand some rain"
But you got a little tongue tied, and then you blew our name

CHORUS

Well thanks for likin' our music, thanks for likin' the band
Thanks for the Christmas cards you send, thanks for bein' a fan
But now we must confess to you, about our biggest fear
If you get in the music biz, there go our careers

CHORUS
